

1. Tile ROCKFON SONAR A
2. Main runner DX24 3700mm
3. Cross tee DX24 1200mm
4. Cross tee DX24 600mm
5. ERICO iDS clip or similar
6. Suitable adjustable hanger
7. Ventilation / air conditioning unit

All screws and other fastenings shown are indicative and illustrative only. Specific fasteners should be chosen dependent on substrates and materials being used.

This solution is applicable for units (services) weighing >5kg. It allows the transfer of the load directly to the soffit via the grid system using ERICO iDS clips. The maximum load on the clip should not exceed 25kg.
